

POLICY

The juvenile justice specialist must maintain the active case record. The county office must maintain the inactive case record in accordance with the approved record retention schedule.

AUTHORITY

The Social Welfare Act, 1939 PA 280, as amended, MCL.400.115a(1) (I).

PURPOSE

To ensure appropriate documentation of all services that are provided to a delinquent youth.

PROCEDURE

The active case record begins with the department acceptance of the case for supervision and must continue until the youth is discharged from wardship. This record must be kept in an area in the local office designated by office management or in a similar area when the youth is placed in a juvenile justice residential placement. Case records may be removed from the local office for court hearings.

Upon the youth's discharge from wardship, the case record becomes an inactive case record. Staff at the juvenile justice placement must return the record to the referring or committing county office. The inactive case record must remain the responsibility of the local office management until destroyed as described in the record retention schedule. Case records for Michigan Children's Institute (dual wards) must be permanently retained; see AHS 502, Records Management - Case Record and SRM 171, Services Case Activity Reporting.
